

16

Write your ideas here.

15

Ask your grown-ups before taking supplies! Be safe using them, especially shovels. Don't forget your supplies outside, or you might not see them before spring!

Create a course by compacting the snow in a small area. Fashion obstacles out of snow, then use a stick and ball to play!

14

Reminders!

13

Mini Putt

Snow Arch or Bridge

Make similarly sized, compact snow blocks using a plastic box. Assemble them into architectural models.

6

10

Snow fact!

Snow isn't white: it's translucent. Lights of all colours are reflected on every tiny crystalline surface of the snowflake, and when you add up all the colour of lights, you get white!

Snow as a lawn game

11

12

Ski Ball, Bowling or Corn Hole

Create a ramp out of snow, dig holes, and make pins out of snow or with plastic bottle. Bring out a summer ball. What other pieces will you need to make?

Anchor two sticks deep in the snow. Attach one end of a piece of stretchy fabric to each stick. Load with snowballs...pull and release!

Snow Ball Launcher

8

7

Snow as a construction material

Create a huge image by printing on the snow. Use your boots, your body, or a large stick to create designs.

Print

9

5

Collage

Create a pattern using things you can find outside, such as sticks, pinecones, and rocks.

Winterlude Challenge

1

2

Get creative using snow as a material for your artwork, your construction project, or your snowy lawn game!

Snow as an art canvas

3

4

Dye a patch of undisturbed snow using coloured water in a spray dispenser.
